

COMDAX EP-B 2

LITHIUM COMPLEX GREASE

Description

Comdax EP-B 2 is a high performance lithium complex grease with EP additives for medium speed operated bearings and plain bearings. This grease shows some excellent water resistance properties as well as very good resistance against high temperatures and loads.

Applications

- Roller bearings
- Water pumps
- Electric motors
- Couplings
- Cardan joints
- Other applications where a high efficient grease with severe requirements is needed

Benefits

- High dropping points
- Good resistance to heavy loads
- Outstanding anti wear capacity
- Insoluble in water
- Good resistance to mechanical work
- Good protection against corrosion
- Good antioxidant capacity
- Long life

Typical Properties

Appearance		Blue
NLGI N°		2/3
Structure		Smooth
Thickener		Lithium complex
Base oil		Mineral
Worked penetration @ 25°C (60/60)	mm-1	280
Base oil Viscosity at 40°C	cSt	220
Dropping point	°C	260
Operating temperature	°C	-30/+150
