## Scania LDF, renewed approval.

**Unil Opal LCM 800, SAE 10W-40** with the original approval report number M08/053, has a new validity date, **expire end of February 2010**.

This approval is only valid in the assumption that **no** other formulations with the above brand name exist, i.e. no base oil interchange and no read across is permitted.

This approval is not transferable in any way to third party or other brand names without special permission.

For renewal, fill in the special renewal request form two (2) months in advance. If there is no application for a renewal, the lubricant will be deleted from the Scania LDF oil list.

If once deleted, the oil will not be reintroduced due to administrative reasons.

Yours Faithfully

Jan Gunnarsson
